

WOODDIGITAL – Dual Learning for Improving Digital Skills of Young Woodworkers

The purpose of the WOODigital project (2020-22) is to **improve the digital skills** - Industry 4.0 - of **young Europeans** (ages 18 to 35) working or interested in **working in the wood and furniture sector**, through dual (VET - Vocational Education and Training) training methodology.

We are also watching to improve

The traditional (offline) mobility programme of the WOODigital Erasmus+ project took place from 6 to 15 July 2022, organised by the 6 partners from 5 countries. The 10-day mobility to Italy included, in addition to the curriculum, a number of fantastic activities: lab, factory and museum visits, all in two wonderful places, Milan and Pesaro.
